Nice Premium Toolless Speakers

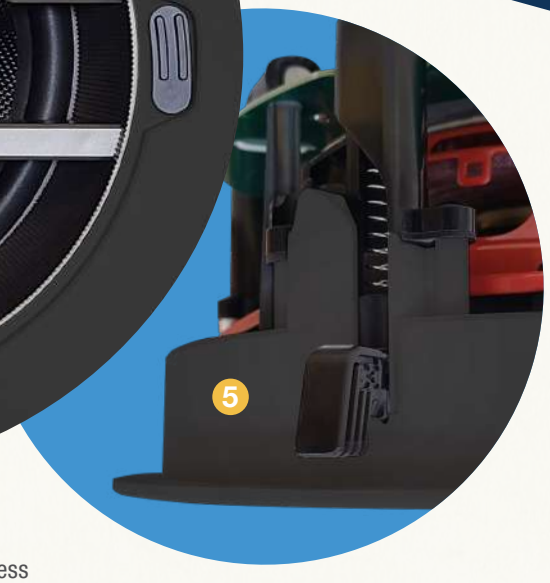

Elevated Audio Performance

Nice

Premium Toolless Speakers

Discover amazing audio performance with Premium Toolless Speakers by Nice. Designed with superior materials and engineered to deliver rich, dynamic, and crystal clear sound for modern media–home theaters, music streaming, gaming, and more. Nice Premium Toolless Speakers elevate audio performance to new heights.

1 AccuAim tweeters

Proprietary AccuAim technology enables precise, lockable tweeter positioning for enhanced phase accuracy.

2 Proportionally massive tweeters

Larger tweeters–up to 30mm*–lower the crossover point for exceptional imagery and detail.

3 Advanced materials

Black Kevlar woofers and aluminum/magnesium tweeters* deliver explosive dynamics and a rich soundstage.

4 XMag pole piece

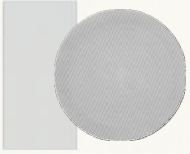

Longer pole piece on every model maintains a stable magnetic field for the driver, ensuring precise linearity and accurate sound reproduction.

5 Toolless installation

ViseLock™ designed by Swarm toolless mounting system provides secure, fast installations–up to 75% faster than conventional mounting systems.
